Ibrahim Salah

Frontend Developer Trainee at Almadrasa

Luxor, Egypt

Summary

I am currently studying for a Frontend Development diploma at
Alamadrasa. I am passionate about learning new technologies and
improving my HTML, CSS, and JavaScript skills. My goal is to create
user-friendly and visually appealing websites.

I enjoy problem-solving and working on projects that challenge
me to think creatively. I am eager to apply my knowledge in real-
world scenarios and collaborate with others to build amazing web
experiences.

Experience

المدرسة - Almdrasa
Frontend Developer
April 2024 - Present (10 months)

I am currently enrolled in a Frontend Development diploma program at
Alamadrasa. The curriculum includes the following key areas of study:

- Programming Basics with Python: Learning the fundamentals of
programming and problem-solving using Python.
- Data Structures and Algorithms: Understanding key concepts for optimizing
code efficiency and performance.
- Git & GitHub: Gaining practical experience in version control and
collaborative development.
- Soft Skills: Developing essential communication and teamwork abilities.
- HTML, CSS, JavaScript, and React: Building responsive and interactive web
pages and applications.
- Responsive Web Design: Creating websites that work seamlessly across
various devices.

I am enthusiastic about utilizing these skills to craft user-friendly and visually
appealing websites.
